

Next Monday, September 1st Is Labor Day, When All Places of Business in the City Will Be Closed

ANNETT-THOMAS NUPTIAL

A very pretty and quiet wedding took place at the home of the bride's parents, Mr. and Mrs. Chas. L. Thomas, on the evening of August 23rd when their second daughter, Miss Myrtle, was united in marriage to Mr. C. C. Annett, of the Merchants Bank of Canada staff. The bride was given away by her father in the presence of only the immediate relatives and friends. The ceremony was performed by Rev. C.E.A. Pocock, B.A. After the ceremony, a dainty tea was partaken of after which the happy couple left on the evening train for Edmonton on a few days' honeymoon. We join their host of friends in wishing Mr. and Mrs. Annett a long, happy and prosperous journey through life.

The Hospital Aid Society will hold their regular monthly meeting in the town hall on Tuesday afternoon next at four o'clock. All interested in hospital work are cordially invited to attend.

Wetaskiwin's Fair Best and Biggest on Record

MOST SUCCESSFUL RACE MEET EVER CONDUCTED HERE

Fine Horses, Splendid Cattle and Record Showing of Poultry, Ladies' Work, Etc. Great Disappointment at Non-Appearance of Aeroplane

The fifteenth annual fair, under the auspices of the Wetaskiwin Agricultural Society, which was held on Tuesday and Wednesday of this week, proved to be a most gratifying success from every standpoint. The weather was ideal both days, and a record crowd passed through the gates, consequently the receipts are very satisfactory.

The exhibits in most of the departments were astonishingly large and varied, showing a decided advancement made by the fair over previous years. As usual, the horses, cattle and poultry were the very best, and the judges had no small task in selecting the winners. There were fifteen entries in the agricultural dry mare or gelding class, nine in the agricultural two-year-old, and ten each in the agricultural team and team of 1913.

The showing of sheep and pigs is away ahead of last year, and the association will be obliged to enlarge the pens before another exhibition is held. In the main hall the ladies' work was fully up to the mark, in fact, beyond expectations, as several outsiders entered into competition with the ladies of the city and district. The exhibits in the provision department looked very tempting, and undoubtedly the judges had a difficult task to perform.

One of the finest attractions in the main hall was the exhibit of drawings and paintings by the pupils of the Wetaskiwin public schools, which were tastefully arranged with the diplomas won at Calgary and Edmonton.

They were greatly admired and reflected much credit on all concerned.

Another very interesting exhibit was the dresser made by John Nelson from insid walnut and poplar. It is 32 by 20 inches, and 32 inches high with five drawers and contains over 2000 pieces. Mr. Nelson was over two years making this fine piece of handiwork, which would be an ornament to any home.

Among those from outside places who had exhibits were: Mrs. Andrew Hill, Miss Laura B. Tolmie, A. W. Taylor, G. W. Wright, A. E. Latimer, S. Burton, Capital Poultry Yards, J. Pickering, R. W. Robertson, H. F. Mullett, and Harry Cook, Edmonton; W. R. Stewart, D. Davidson, and W. C. Pierce, Daysland; John Hagermann, Ponoka; H. Hutchinson, Dumbell; Millett Farm Co. Limited, W. L. Gray and Z. Bows, Millet; Mrs. R. T. Teal, B. C. Dyson, and Jas. A. Jackson, Leduc; J. G. Gibson & Son, Leduc; P. L. Cox, Todd; Jessie H. McKinnis, Cochrane; W. J. Hoover, Bittern Lake; Fred. Ellis, Red Deer; Victor Hood, Red Deer; St. Henderson, Carberry, Man.

Clair Bros., Didsbury, and W. C. Dorrie, Leduc, left at the post.

The one great disappointment of the occasion was the non-appearance of the aeroplane. A contract was signed with the aviator, Dave Devil Mackley, and correspondence is on file in the secretary's office to the effect that he would be here, for some inexcusable reason, he failed to put in an appearance. Next week we propose publishing a copy of all the correspondence which passed between the association and the aviator, as well as the contract which was signed to show that the advertising was done in good faith and that the society is in no way censurable.

The race program was run well without a hitch, with the exception that the first race on Tuesday, the 2:30 trot or 2:25 pace was postponed until Wednesday owing to the non-arrival of Colleen de Forest, which horse was delayed owing to an accident on the road.

In the three-quarter mile dash, Third Chance gave Starter Turner considerable trouble when he tried to get them away, but when they finally did get started, the mare was left behind at about fifteen lengths.

The 2:45 pace was a horse race all the way, as the four horses finished each heat with only a half length between them.

The following were the results of Tuesday's races:

2:45 Pace, Purse \$200	
Dr. Quirk-Hood	1 1
Joe Patch III-Smith	2 2
Glennwood Boy-Harring	3 3
Time 2:28, 2:30, 2:27	
Mack R-Clarke	4 4
Fifteen-eighths running race, Purse \$150	
Dellacamp-Sawell	1 1
Tuscan, McKennie	2 2
Annie Wells, Stokes	3 3
Cyrla Man, Sprowl	4 4
Dorrie, left at the post.	
Time 1:04 1/2	
Three-quarter mile dash, Purse \$150	
Convent Bell, McKennie	1 1
Conflagration, Yabdel	2 2
Tripping, McDonald	3 3
Alie Olsen	4 4
Third Chance, Sawell	5 5
Freddie McCoy left at the post.	
Time 1:30	

An excellent program of races were put on Wednesday afternoon, there being seven events, and every one of them were well liked and good time was made. The track was in first-class condition.

The 2:35 trot, which was postponed from Tuesday, was won by V. Hood in a Red Deer. Dr. Quirk in a straight heat. J. W. Clarke's Joe Patch III was second and Hangey Glennwood Boy third. Time-2:33, 2:30, 2:37.

It took five heats to decide the 2:27 trot which was eventually won by St. Clair's Lark Hart. Callagher's Colleen de Forest was second and Jonestown's Judge Cross third. The heat times were 2:24, 2:21 and 2:25.

The one mile running was a very pretty race, with five contestants. It was won by Cox's Irish Boy in 51 seconds, with McDonald and Stokes' Golden Plume second and John St. Denis third.

In the mile novelty race, running Cox's Irish Boy again got into a money class by winning at the quarter and half; McKennie's Convent Bell led at the third quarter, and in the final Conflagration was in the lead at the finish. Time 1:49.

A consolation race was then put on as an extra, with four contestants. It was a very pretty race, and finished close.

The Indian races created big interest. (Continued on last page)

Town Topics

The schools in the city open for the autumn term on Tuesday morning next.

Mrs. Vickers was at the Capital during the past week visiting relatives and friends.

H. G. Hoare, D.D.S., leaves this week on a short vacation to Winnipeg and other places in the east.

Miss Mildred Chandler left on Friday last for Battle Lake, where she has accepted a situation as teacher.

Mr. Crosby has leased "The Teepee" on Stanley street, and will move in about the middle of September.

On account of the attractions in the city on Tuesday evening, the council meeting was postponed until Friday evening.

Miss Hineberger returned home last week from spending a month's vacation with friends and relatives in Winnipeg.

Norman Gardner of Cranbrook, B.C., spent several days of the past week in the city and district with relatives and friends.

E. Roberts who has been spending a two weeks' holiday with his family at Gull Lake, returned to the city on Tuesday.

The Parish Auxiliary of Immanuel church will hold an afternoon tea on Mrs. Wilkins' lawn, on Friday afternoon, Sept. 5th.

Mrs. F. A. Bell has leased the Horner cottage, corner of Lorne and Alberta streets, and will take possession on Sept. 1st.

An enjoyable dance was held on Tuesday and Wednesday evenings in Angus Hall. Both dances were largely attended.

Arnold Gardner and sister, who have been spending a couple weeks with the friends in the Okanagan Valley, returned home this week.

The families of D. A. Ward and Tom Hughes, who have been camping out on the shores of Pigeon Lake, returned to the city this week.

Mr. and Mrs. W. H. Odel returned Tuesday evening from spending several days with the former's brother at Hanna. They motored out from Lacombe.

The monthly meeting of the Scandinavian Hospital Aid will be held at the home of Mrs. K. A. Guleson on Tuesday afternoon, next Sept. 3rd. A cordial invitation is extended to all.

Mr. and Mrs. Crosby and Mr. R. U. Box spent the week end with friends at Gull Lake. Mrs. Crosby is spending the week there, but Mr. Crosby and Mr. Box returned on Monday.

Just harvesting weather prevails, and the farmers are all happy. This district has had no frost whatever, and only a few farmers in one small district have been touched with hail, and that was only slight damage.

Miss Kealy, formerly of the city office staff, was in the city Tuesday renewing acquaintances. She was passing through from Edmonton to Calgary, where she has accepted a situation in the law office of Loughhead, Bennett & McLeans.

The gas jets on Railway street were lighted on Tuesday and Wednesday nights. The many visitors in the city were greatly pleased with the showing of gas made, as the illumination was the surplus over and above what is used at the power plant.

Dr. W. Dixon of this city received the end news this week that his father had passed away at the hospital in Hamilton, Ont., on Tuesday evening, the 26th inst. He was aged sixty-five years. The doctor's many friends in the city and district extend the deepest sympathy in his great loss.

The Edmonton Salvation Army Silver Band, accompanied by Ensign Mac Donald, will conduct the following services in Hamilton Hall: Saturday, Aug. 30th at 8 p.m.; Sunday, August 31st at 11 a.m., and 3 p.m.; On

Monday evening Sept. 1st, a special musical festival will be rendered at eight o'clock, consisting of band selections, vocal music, etc. Admission on Monday evening, 25c.

UNION SUNDAY SCHOOL PICTIO

Program of Sports for the Union Sunday school Picnic, Ponoka, Alta., September 1st 1913.

JUDICIAL SALE OF FARM PROPERTY NEAR WETSKIWIN

Pursuant to judgment and final order for sale, there will be offered for sale by Public Auction, with the approval of a Judge, by George L. Owen, auctioneer, at his office in the City of Wetskiwin at 2.30 P.M. on Saturday, the 30th day of August, A.D. 1913, the N.W. Quarter of section 22, in Township 46 and Range 28 West of the fourth Meridian, containing one hundred and sixty (160) acres. This property is situated twenty five (25) miles West of the City of Wetskiwin, one and a half (1 1/2) miles from a school, and two and a quarter (2 1/4) miles from the Post Office of Wetskiwin.

There are about nine (9) acres of this quarter under cultivation; about ninety (90) acres are rolling arable land, fenced with a pole fence.

There are the following buildings on the land:

Living 16 x 18—built of logs with shab roof.

Granary 12 x 14—frame with shab roof.

Stable 20 x 22—built of logs with shab roof.

Stable 14 x 20—built of logs with shab roof.

Granary 12 x 16—built of logs with shab roof.

Granary 10 x 12—built of logs with shab roof.

The property will be offered for sale subject to a reserved bid which has been fixed by a Judge.

The terms of payment are as follows: ten per cent (10 per cent) to be paid at the time of sale, the balance to be paid into Court within thirty days without interest. In all other respects the terms and conditions are the standing conditions of the Court.

Further particulars can be had from W. H. Odell, of Wetskiwin, Alberta, Solicitor for the Vendor.

Settled: H. C. T.

J. I. POOLIE, Clerk of the Court. 20-4tin

FOUR BOXES

OF
DOAN'S KIDNEY PILLS
PUT HER ON HER FEET.

Mrs. Ed. Boyer, Nokomis, Sask., writes: "I had been troubled with weak back and kidneys. I had terrible aches and headaches, and could not sleep at night. In this I was suffered for several years until I read about Doan's Kidney Pills. I purchased two boxes, and they helped me. I sent for two more, and they put me on my feet, and I have been able to work ever since."

For Backache, Lame Back, Weak Back, or any other Kidney Trouble, there is no remedy so equal Doan's Kidney Pills.

They have been on the market for 20 years and therefore must be a staple item. Price 50 cents per box, 3 boxes for \$1.25. May be obtained at all dealers or mailed direct on receipt of price by the W. C. Miller Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's"

FOR SALE BY H. L. HIGGS

POULTRY FACTS AND FIGURES

The following facts and figures answer many queries which reach poultry editors at least once a year. It would be a good idea to carefully preserve them for future reference. They are not given at random, but have been carefully compiled and edited: It takes about three months to grow a broiler.

The goose lays a score or two of eggs in a year.

No brooding-pen should contain over fifty chicks.

Broilers shrink about a half pound each when dressed.

The shell of an egg contains about fifty girdled salts of lime.

Forty dried ducklings are packed in a barrel for shipment.

From thirty-five to forty ducks and drakes are allowed in a pen.

The duck averages ten dozen eggs a month.

Built the house ten by ten for ten for the yard ten times larger.

Ducklings are marketed at five the weight, which attain in ten weeks.

Ten dozen eggs a year is the average given as the production of the hen.

About eight dozen eggs are given as an average for the annual output of the turkey.

Duck feathers sell at forty cents per pound; goose feathers bring double that amount.

Thirteen eggs are considered a setting though many breeders are now getting fifteen.

Between forty and fifty degrees is in the proper temperature to keep eggs for hatching during winter.

Eggs intended for hatching should not be kept over four weeks. They must be turned every day or two.

It will require seven pounds of skimmed milk to equal one pound of lean beef for flesh forming qualities.

One dollar per head is the average cost of keeping a fowl a year, and the same amount is a fair estimate of the profits.

The eggs of the White Leghorn, Black Minorca, and Houdan are of about the same weight as those of the Light Brahma.

In an egg of one thousand grains six hundred belong to the white, three hundred to the yolk, and one hundred to the shell.

For good results in egg production the hen should be allowed to become cold or than forty degrees.

In one hundred parts of the white of an egg, about eighty per cent is water, twelve and a half per cent albumen; one per cent mineral matter and two and a half per cent sugar.

A light colored Brahma's egg will weigh from two and a quarter to two and a half ounces or about one pound and twelve ounces per dozen.

In making ducks, about seven are allowed a drake in the beginning of the season; more as the weather grows warmer until a dozen are reached.

Poultry manure contains 2.43 per cent of phosphoric acid; 2.26 per cent potash; and 3.25 per cent nitrogen, as ammonia and organic matter.

In one hundred parts of the yolk, fifty-two per cent is water, forty-five per cent is oil and fat, and one per cent each of albuminoids, coloring and mineral matter.

Seventy-five per cent is about the average hatch by a hen, and fifty per cent by an incubator. Poor machines and careless and inexperienced operators are the cause of the difference.

If properly kept and judiciously applied to land, poultry manure is worth one-half the cost of the feed of the fowl gets, yet little account is taken of the droppings when an estimate is made of the profits.

Compared with well-reared barn manure, (forty-odd pounds of potash, to ten in barnyard manure; and sixty-seven pounds of nitrogen to eleven in barnyard manure. The analysis is based on a ton each of hen and barnyard manures.

A duckling, a week old should weigh four ounces; two weeks, five ounces; three weeks, one pound; four weeks, two pounds and eleven ounces; seven weeks, three pounds and five ounces; eight weeks, four pounds; nine weeks, four pounds and eight ounces.

How much will a chick gain? This by Jacobs: The egg weighs two ounces the newly-hatched chick, twenty-one and a quarter ounces; at one week old, two ounces; two weeks old, four ounces; three weeks old, six and a quarter ounces; four weeks old, eight and a quarter ounces; five weeks old, ten ounces; six weeks old, eleven and a half ounces; seven weeks old, thirteen and a half ounces; eight weeks old, fifteen and a half ounces; nine weeks old, seventeen and a half ounces; ten weeks old, nineteen and a half ounces; eleven weeks old, twenty-one and a half ounces; twelve weeks old, twenty-three and a half ounces.

PROPER INTELLIGENCE PRODUCES SATISFACTORY RESULTS

This is one of the years when proper intelligence on the farm is demonstrated to be of value. We are not having a rainfall; this year like what we had last year. What are called dry farming methods, but what should truthfully be termed scientific farming methods, are always demonstrated at their true worth when the amount of rainfall is less than in other years.

Many observers in travelling over the country are shocked at the looseness of the methods of some farmers. Things seem as if the grain is thrown ruthlessly upon the ground, barely covered, and the soil surface scarcely scratched after being plowed. An extra few hours with the disc and harrow or other cast, spent upon the field in the spring, before seeding is a wonderful help towards a bountiful crop in the fall.

Nothing on the farm is more pleasing to a practical man than to see a field evenly dressed with the harrow at the time of seeding. Nothing is more conducive to uniform growth and yield than a properly prepared seed bed and nothing is more saving in the life of harvesting machinery than a grain field from which all stones, hard

lumps and roots are removed, especially from around the outside skirts which are too often left unplowed. Too often the farmer himself is to blame if his crop yield is low owing to lack of moisture for the plant roots because of his haste in the spring. Of course no negative methods in any business produce similar results, and the same principle applies.

THE WORLD'S SMALLEST STORE

The smallest store in the world, which is in Chicago, is three feet wide ten feet deep and ten feet high. It is fitted up as a complete candy kitchen with up-to-date candy making and mixing machinery a kitchen and range a corn popping machine and a cash register.

The cash register takes up a large part of the store space. The kitchen is partitioned off in the rear. There is no room left for customers. At the store has plenty of customers who make their purchases through a small window in the front door.

London, Aug. 19.—The Times touching on Canadian borrowing and the housing of immigrants, says that it is imperative that a country of eight million people, receiving immigrants approaching the rate of half a million a year, must continue to borrow only to supply the new inhabitants with fixed apparatus and living machinery. In summing up, it states that Canada is likely to remain, for many years, a borrowing country as a result of rapidly expanding business. A shortage of new capital, if continued for any length of time, means that expansion would be checked. There is no reason to be apprehensive as to the security of capital invested in Canada.

AGREED WITH BABY

This Mother Found The Right Food For Her Baby Girl.

Mrs. Arthur Prince of Meaford, Ont., writes on Sept. 1st, 1911: "Some time ago, you were good enough to send me a sample of Neave's Food. Baby liked it so well that I agreed with her in using it right along and think it is excellent."

Mrs. Prince wrote again on Sept. 27th, 1911: "My friend's baby has grown wonderfully. I can scarcely credit it. Her next baby, which she expects in five months, will be fed on Neave's Food right from the start—she thinks it is so good."

Mother and prospective mothers may obtain a free tin of Neave's Food and a valuable book "Hints About Baby" by writing Edwin Utley, 14 Front Street East, Toronto, who is the Agent for Canada. (Attention this paper.)

RHEUMATISM KEPT HIM IN BED

Suffered Tortures Until "Fruit-a-lives" Cured Him

MCMILLAN'S CORNER, ONT.

Since July, 1910 "Your remedy, 'Fruit-a-lives' is a perfect panacea for Rheumatism. For years, I suffered distressing pain from Sciatica or Sciatic Rheumatism, being laid up several times a year for days at a time. I went to different doctors who told me there was no use doing anything—it would pass away. They gave me mustard plasters and other remedies that did no good. Plasters took no effect, and blisters made me worse and made raw spots. I took many advertised remedies without benefit, but fortunately about two years ago I got 'Fruit-a-lives' and they cured me."

Since then, I take 'Fruit-a-lives' occasionally and keep free of pain. I am satisfied 'Fruit-a-lives' cured me of Rheumatism and they will cure anyone who takes them as directed. If this letter would be of value to you, publish it." JOHN B. McDONALD.

Indeed, this letter is of value to us and to the thousands of sufferers from Rheumatism, Sciatica, Lumbago and Neuralgia. It points the way to a certain cure. See a box, 6 for \$2.50 retail size, 25¢. At dealers or from Fruit-a-lives Limited, Ottawa.

GAME ACT FOR 1913-14

Benjamin Lawton, chief game warden of Alberta, with headquarters in the Parliament Building at Edmonton, has issued the game laws of 1913-14, of which the following is an extract:

Shooting on Sunday is strictly prohibited and it is necessary to obtain the consent of the owner or occupant of enclosed land before any hunting is done, otherwise it is prohibited. No animal under the age of one year is allowed to be killed.
The only game and animals entirely protected are: "Hemlock" partridge, beaver, buffalo, elk, and way to Antelope, to the extent of two males only, may be shot during the month of October, while the shooting of prairie chicken, partridges, etc., at the rate of ten to a day, or one hundred in the season, is only allowed in the season. The sale of this game is prohibited.
Deer, moose, caribou, and moose, one only, must be hunted from November 1st to December 14th, inclusive. Another short season is that of mountain goat, two only, and mountain sheep, two male only, which may be shot during the month of September and the first 14 days of October.

The longest season is that allowed for the procuring of other and small game. These animals may be caught during the months of November, December, January, February, March and April. The season for muskrat, fisher, marten, is of five months, from September, December, January, February and March.

Sale of portions of cranes, lake, coots, snipe, plovers, etc., is strictly prohibited between March 1st and September 20th. They may be shot from September 1st to December 31st, the sale of cranes and swans is prohibited for the same period as the foregoing birds, but the time for shooting is longer, beginning on August 1st.

No duck, swan, snipe, plover, etc., is to be placed in cold storage between March 1st and September 20th following while no one is to export game without a permit from the minister of agriculture. The game act protects the eggs of any game and many other birds, and it is prohibited to willfully disturb or destroy them.

In the hunting of big game dogs cannot be used.
Big game cannot be hunted without a license, and game birds may not be bought or sold without the brand of the department. A license is also required for dealing in the fur of any big game or game bird. It is necessary for every person desirous of serving as a guide or camp helper to take out a license.

All birds are protected except crows, eagles, goshawks, pigeon hawks, cooper's hawks, hawk owls, blackbirds, English sparrows, grackles, crows, cormorants, pelicans and magpies.

The fees of the various licenses are as follows: Non-resident general game license, \$25; bird game license, \$5; trapper's license, \$10; resident big game license, \$25; big game license, resident farmers, \$1; bird game, \$15 guide license, \$5; game dealer's license, \$5.

Finest note exceeding \$500 and costs may be imposed for the infraction of the game act.

NO TUITION FEES WILL BE CHARGED

Edmonton, Aug. 21.—The first meeting of the board of agricultural education, which will, together with the minister of education, outline the scheme of agriculture to be followed in the schools of agriculture which have been erected on Alberta government demonstration farms at Clarabon, Vermilion and Medicine Hat, was held Wednesday, Dr. T. G. Torrey, president of Ontario university, presiding and the Hon. Duncan Marshall, minister of agriculture, being present.

The three schools have been built out of a grant made by the legislature last session at a cost of \$36,000.

Hon. Duncan Marshall stated that the operating expenses will be met out of the Dominion government grant. It is the view of the minister of agriculture that at the commencement no fees for tuition shall be charged, but the parents of boys and girls attending shall pay their own boarding expenses. Each of the schools is situated on a farm, 220 acres in extent, and a plot of 20 acres will be set aside on each farm as experimental plots. Boys will be taught blacksmith work and carpentry, and there will be a domestic science course for girls. The care and operation of farm machinery will also be taught to boys.

LOWER RATES OF INTEREST A NECESSITY

Yorkton, Sask., Aug. 23.—The Royal commission on agricultural credit, and grain markets held a most interesting session at Yorkton this afternoon while evidence on the various matters under investigation was submitted by upwards of fifty farmers.

Geo. Longley, president was assisted by Charles Dunning and Professor Oliver, of the University of Saskatchewan.

The weight of evidence went to show that some method whereby it will be possible for farmers to secure money at lower rates of interest than is at present necessary, and that means of providing cheaper transportation and access to the markets of the world should be attempted and that diversification of farming should be encouraged in order to reduce the cost of producing grain.

Professor Oliver outlined the methods by which farmers secure cheap money in Germany and Austria, and the opinion was expressed that similar co-operative societies could be organized and conducted successfully in this country.

GROUARD, ALTA., IS NOW A TOWN

Edmonton, Alta., Aug. 19.—Hon. Charles Stewart, minister of municipalities of Alberta is making a trip through the Peace River and will visit the new municipality of Grand Prairie formed under the Alberta rural municipalities act of the session 1911-12.

It is also visiting Grouard which has just been incorporated as a town. Grouard has about 1000 inhabitants and outside the Yukon is the farthest north town in the Dominion. It is taking place there to-day for the election of a town council. Eight new villages have been formed in Alberta since the beginning of the year. The latest is Cadogan, near Provost, the others being Delburne, Oyen, Youngtown, Drumheller, Rocky Mountain House, Beverly and Borden.

RAILWAY ACTIVITY IN NORTH ALBERTA

Edmonton, Alta., Aug. 12.—Track laying is in progress at the rate of a mile and a half a day, on the Edmonton Duvernay and British Columbia railway. The end of steel is now about 90 miles from Edmonton. Grading is so far completed on this side of the crossing on the Athabasca that there will be no delay in the work of laying steel to the river. One thousand men and 250 teams are at work on the grade chiefly on the west side of the Athabasca.

The grade is covered by contractors to Trochu lake 110 miles west of the river and it is expected that the grade will be completed to that point this fall. It is expected that the road will be opened for traffic to the Athabasca by November. Stations will be erected at Morinville, Independence and Westlock.

Wood's Peppermint Cure
The Great English Remedy
Cures all kinds of colds, coughs, asthma, whooping cough, croup, diphtheria, measles, scarlet fever, mumps, and all other diseases of the throat and lungs. One will find it a life saver. Sold by all druggists or mailed on receipt of price. Not returnable.

Sick Headaches

are not caused by anything wrong in the head but by constipation, biliousness and indigestion. Headache powders or tablets mayadden, but cannot cure them. Dr. Morse's Indian Root Pills do cure sick headache in the sensible way by removing the constipation or sick stomach which caused them. Dr. Morse's Indian Root Pills are a safe, reliable, free from any harmful drug, safe and sure. When you feel the headache coming take

Dr. Morse's Indian Root Pills

license, \$25; bird game license, \$5; trapper's license, \$10; resident big game license, \$25; big game license, resident farmers, \$1; bird game, \$15 guide license, \$5; game dealer's license, \$5.
Finest note exceeding \$500 and costs may be imposed for the infraction of the game act.

CANADA'S POPULATION IN 25 YEARS

"I have been connected with the Dominion of Canada for three-quarters of a century," Lord Strathcona said. "It has, indeed, become a very great country, but nothing to what it is destined to become. In the next quarter of a century I believe it will have a population exceeding that of the United Kingdom and perhaps more. It has everything required to make it a great nation. Nevertheless I am convinced that it will always remain indissolubly allied to the mother country. Canada is proud of its connection with the empire."

FAVOR FREE TEXT BOOKS IN CANADA

St. John's, Nfld., Aug. 26. Free textbooks and uniform ones—all over Canada, reciprocity between provinces in the matter of teachers, and the question whether the new Montserrat school of teaching shall be introduced into Canada schools, formed the subjects for several discussions at the opening general meeting of the Dominion educational association, held here to-day.

Technical education was also before the meeting in the form of a brief outline of the report by the Royal commission by Dr. J. W. Robertson, its chairman and president also of the association.

Passing teachers from one province to another was referred to by Dr. A. H. McHaffey, superintendent of education in Nova-Scotia.

THE MERCHANTS OWE IT TO LOCAL PAPERS

There are few editors in this province who have not made a vicarious and continuous fight against the mail order house. This has been done in the interest of the home merchant and without money and without price if the editors of Alberta had received a regular advertising rate for all they have said against these enemies of the country merchants they could now be wearing diamonds. The department stores appropriate advertising space and are willing to take all the average country paper has for sale and at a good rate. This paper has received them time and again. What other class of business or professional men would refuse business to help their friends when many of said friends never appear in the least disposed to return the compliment or even appreciate it.

PILES

You will find relief in Zam-Buk! It eases the burning, stinging pain, stops bleeding and brings back the hemorrhoids with Zam-Buk means cure. Why not prove this? All Druggists and Stores—We do.

Zam-Buk

HOW TO OPEN CANS

Just remove the label from the side of the can until you see the seam, which was made in forming the body of the can. Lay the can on its side and puncture next to the seam with the point of the can opener and next to the top of the can. Then set the can in an upright position insert the can opener in the hole already made on the side of the can, working away from the seam until you have cut around the can. You will then be able to turn back the entire top (bottom) lid. Any ordinary can opener will do.

THE BANKRUPT

When he failed in business his creditors said, "Old Jones has gone up!" Now I wonder why they said he "went up" when they very well knew he "went under." But if he went "under" and "up" both at once.

The wonder he failed surely ceases, such a marvelous feat could not otherwise do. Then result in his going to pieces!

E. G. Pepper, who has been account ant at the bank for several months, has been transferred to Dayland, where he has been appointed manager. Mr. Pepper made many friends while in Selkirk, who regret his departure, but congratulate him on his promotion.—Selkirk Sentinel.

Edmonton, Aug. 20.—W. A. Rae, barrister, Grande Prairie Liberal, Alphonse Patterson, Grande Prairie, Conservative and W. F. Bredin, Independent Conservative, were nominated before A. W. Carreth, returning officer for Peace river constituency on Monday at Grande Prairie.

For Loss of Hair

We will pay for what you use if Rezell '93' Hair Tonic does not promote the growth of your hair.

In all our experience with hair tonics the one that has done most to gain our confidence is Rezell '93' Hair Tonic. We have seen well-founded faith in it that we want you to try it at our risk. If it does not satisfy you in every particular, we will pay for what you use to the extent of a 30 day treatment.

If Rezell '93' Hair Tonic does not remove dandruff, relieve scalp irritation, stop the hair from falling and promote a very growth of hair, come back to us and ask us to return the money you paid for it, and we will promptly issue it back to you. You don't sign anything, promise anything, bring any thing back or in any way obligate yourself. Isn't that fair?

Doesn't it stand to reason that if we would not make such a liberal offer if we did not truly believe that Rezell '93' Hair Tonic will do all we claim for it—that it will do all and more than any other remedy?

We have everything there is a demand for, and are able to judge the merits of the things we sell. Customers tell us of their success. There are many satisfied users of Rezell '93' Hair Tonic than any similar preparation we sell.

Start a treatment of Rezell '93' Hair Tonic today. If you do, we believe you will thank us for this advice. Two size bottles, 50c and \$1. You can buy Rezell '93' Hair Tonic in this community only at our store.

Passing teachers from one province to another was referred to by Dr. A. H. McHaffey, superintendent of education in Nova-Scotia.

Born-SHERBECK - Near Wetaskiwin, on the 28th inst., to Mr. and Mrs. Carl Sherbeck, a daughter.

ADMINISTRATOR'S SALE OF FARM LANDS

Pursuant to instructions of the Administrator, there will be sold by George L. Owen, Auctioneer at his auction rooms in the City of Wetaskiwin at the hour of 2:30 o'clock in the afternoon on the 4th day of September, A.D. 1913, the following lands and premises in one parcel.

The N.B. 4 of Sec. 28, Tp. 45, R. 26, W. 4th.

The land is a rich black loam clay soil and is all fenced with wire. There is a good log house and log barn on the land with two other small log buildings.

There is a Post Office and School House in the immediate neighborhood here fixed by the Administrator.

Terms 10 p. c. of the purchase price to be paid at the time of sale to the Administrator or his Solicitors and the balance to be paid within 90 days without interest.

In all other respects the terms and conditions of sale will be the Standard Conditions of Sale of the Supreme Court of Alberta.

Further particulars may be had of George L. Owen, Auctioneer, Wetaskiwin or of Messrs. Leggie & Masley of Wetaskiwin Solicitors for the Administrator.

HOMESTEADER FOUND NOT GUILTY OF THEFT

At a special session of the District court, held Friday at Wetaskiwin, Steve Barick, a Golden homesteader residing at Hamilton Lake, in the vicinity of Coronation, was tried on the dual charge of stealing a horse and subsequently attempting to kill the settler, who promptly arrested him on the latter charge and had him incarcerated at Port Saskatchewan.

Two years ago Barick lost a horse, which he advertised in the *Gastor Advance*, describing the same as branded on the left shoulder with a T-S. A few months ago he claimed a horse which had strayed on to the premises of C. O. DeWolfe of Coronation, which while answering to some extent the description of the former animal was branded in another place with T.B.B. The original owner of the horse with the latter brand, J.T.B. Bouton, of Medicine Hat, swore the T.B.B. was his brand and that the horse had originally belonged to him, as he had raised it from a colt, but he refused to swear that the animal belonged to him, and as there was no owner of the animal forthcoming, the case was dismissed and Barick was released from custody on both charges.

Barick received his preliminary hearing at Coronation about three weeks ago; and after witnesses had been assembled from Medicine Hat, Coronation and Gastor, he was sent up by Magistrate Towns for trial, which was expected to take place at Red Deer the next sitting of the supreme court.

MUNICIPALITY SENDS TEAMS TO PLOW FARMER'S WEEDY CROPS

"That a man could be proceeded against in the courts and mulcted in damages for allowing weeds to grow was not thought possible until the fact case brought under the *Woods' Act* of Alberta, in which a Clarendon farmer, who had been injured by his neighbor's weeds, succeeded in recovering substantial damages.

Another case has come before the courts of Southern Alberta, this week, which agitates the people of the Byrd district north of Taber. The principals in the case are E.B. Tainter, of Taber, and the Rural Municipality of Medicine Hat No. 94.

It seems that Mr. Tainter's old crop is infested with noxious weeds. The municipality has a weed by-law in accordance with the provisions of the Rural Municipality Act. J. W. Brooks, the inspector, asked Mr. Tainter to free the place of weeds.

He promised to do so, but on July 21, the municipality, being of the opinion that Mr. Tainter did not intend to carry out his orders, sent teams into his place and ploughed up 60 acres of weeds.

Mr. Tainter objected. The man with the plow said he had his orders and would do the work. They had words which led to blows.

Mr. Tainter then entered action against the municipality, asking \$600 damages to his crop and has succeeded in obtaining an interim injunction restraining the municipality from further encroachment on his land.

BRIGHT VIEW

Rev. Waterman of the Brightview Church is expected to leave next week for Missouri to resume his studies at the William Jewell College.

Last Thursday evening Mr. & Mrs. Kenneth Peterson gave a farewell party for Mr. Waterman and a most enjoyable time is reported.

On Monday night a social was held at the church. During the evening a program was rendered after which the ladies served ice-cream and cake.

Mrs. J. R. Carruthers entertained at dinner on Wednesday evening in honor of Miss Doreen of Blairmore and Miss MacBachern of Edmonton.

Mr. K. E. Purdy came in from Battle Lake to enjoy a week's hunting with Mr. Waterman and Mr. Carruthers. "When shall we three meet again?"

Red Deer, Aug. 25.—Word has reached Red Deer that on Friday, fire destroyed the entire mill of the Valley Lumber Co., which is situated west of Leslieville, and near the Rocky Mountain House. The origin of the fire is not known, as the mill was after it was discovered the entire mill was in flames, and the employees had to escape for their lives without being able to do anything to stop the blaze.

The mill is practically a new plant and the loss is only partially covered by insurance. W. H. C. is president of the company, is expected here this week, and it will not be known if the company will rebuild.

Once until he has gone over the situation.

C. P. R. Gas Expert Here

R. S. Winter, C.P.R. gas expert, was in the city on Thursday forenoon and met the mayor and Aldermen.

In an informal discussion of the well known gas and the gas question generally, he expressed himself as very well pleased with the gas from the Wetaskiwin well, and, after he understood the history of the well, he was quite certain that it was not a pocket, but came from a large reservoir. Although the pressure was not as high as the wells in the southern part of the province yet the volume was good, which was more to be desired than volume. The quality, also, was good, and he thought he could detect an odor of oil in the fumes. The gas is absolutely dry, there being no water whatever in the hole, and Mr. Winter was of the opinion that the flow would increase with use, although not more than fifty per cent of the quantity supplied by the well should be used.

In any way there would be no danger of the well becoming dry.

Mr. Winter strongly advised the council to leave the present well, at one, now that it was well capped and was giving satisfaction. He suggested drilling one or two more wells not too close, but at least half a mile apart—and in this way sufficient gas would be obtained to supply the entire city.

The duck shooting season commenced a little after Friday night, and the inhabitants of the outskirts are now experiencing all the joys of living in a besieged city, with the danger greatly minimized to a sporting chance of having an eye put out or a few pellets scattered underneath the scalp. This, of course, gives existence. Few things are more pleasant than to light a pipe or the usual hour of three or four a.m. and find the bird lying on the pattern of stray shot on the roof and windows, and when, after some hours of such blissful contemplation, one seeks to reach the dreary office, there is the spiciness of avoiding the neighborhood of sloughs and scuttling to cover at every nearby report to further frighten on the day.

And the kill-joys who are in the city there is a by-law against shooting within the city limits actually wish to deprive us of all this. News Plunderer.

E. G. Pepper, who has been accountant at the bank for several months, has been transferred to Dayland, where he has been appointed manager.

Mr. Pepper made many friends while in Sedgewick, who regret his departure, but congratulate him on his promotion.—Sedgewick Sentinel.

Edmonton, Alta., Aug. 19.—Hon. Charles Stewart, minister of municipalities of Alberta, is making a trip through the Peace River and will visit the new municipality of Grand Prairie formed under the Alberta rural municipalities act of the session 1911-12.

He is also visiting Grandview, which has just been incorporated as a town. Grandview has about 1000 inhabitants and outside the Yukon is the farthest north town in the Dominion. Voting is taking place there to-day for the election of a town council. Eight new villages have been formed in Alberta since the beginning of the year. The latest is Cadogan, near Provost, the latest in Cadogan, near Provost, the latest in Cadogan, near Provost, the latest in Cadogan, near Provost.

Edmonton, Aug. 19.—In a bulletin issued to-day the Census and Statistics Office reports that according to returns made by crop-reporting correspondents at the end of last month the weather of July was upon the whole favorable to the growth of grain crops. The conditions in the Northwest provinces were reported as generally excellent. Representing a standard or full crop by 100, the average condition throughout Canada of fall wheat is expressed as 77.75, of spring wheat as 87.62, of oats as 87.45, of barley as 84.60, of rye as 85.00, of mixed grain as 83.35, and of flax seed as 83.35.

Percentages of the standard condition of spring wheat, wheat, barley and rye represent the promise of yields per acre for spring wheat, six, for barley of five, for rye of two and for flax seed of one per acre; above the average yields per acre of the last five years. The condition of the oat crop promises a yield equal to the average.

All the field crops of Canada on July 31, excepting only fall wheat (77.75), hay and clover (74.57) and alfalfa (76.35) are reported as having a condition above 80, the range being from 82 beans and corn for husking to 83, for potatoes and mixed grain.

In the three Northwest provinces spring wheat is reported as 84.60 in Manitoba, 83 in Saskatchewan, and 88 in Alberta. The other grain crops being correspondingly high, barley, especially in Saskatchewan and Alberta being 90 per cent or over. Root crops in the Northwest provinces are:

Musson—Friday, August 29.

Trochu—Monday and Tuesday, September 1 and 2.

Stettin—Friday and Saturday, September 5 and 6.

Olds—Thursday and Friday, September 11 and 12.

Castor—Tuesday and Wednesday, September 16 and 17.

Coronation—Thursday and Friday, September 18 and 19.

Camrose—Tuesday and Wednesday, September 23 and 24.

Ponoka—Thursday and Friday, September 25 and 26.

Alma—Tuesday, September 30.

Laocomb—Wednesday to Friday, October 1 to 3.

Provost—Wednesday and Thursday, October 8 and 9.

Edmo., Tuesday, October 1.

Medicine Hat—Tuesday to Friday, September 9 to 12.

Milberton—Tuesday, September 23.

Three Hills—Wednesday, September 4.

Bowden—Friday, October 3.

Didsbury—Tuesday and Wednesday, October 7 and 8.

For Dyspepsia

If you suffer Stomach Trouble, and you try our remedy, it won't cost you a cent if it fails.

To prove to you that Indigestion and dyspepsia can be thoroughly relieved and that Real Dyspepsia Tablets will do it, we will furnish the medicine absolutely free if it fails to give you satisfaction.

The remarkable success of Real Dyspepsia Tablets is due to the high quality of scientific skill used in devising their formula as well as to the care exercised in their manufacture; whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been properly combined with Camomile and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia. Their proper combination makes a remedy invaluable for stomach relief.

We are so certain that there is nothing so good for stomach ills as Real Dyspepsia Tablets that we urge you to try them at our risk. Three boxes, 25 cents, 50 cents, and \$1.00. You can buy Real Dyspepsia Tablets in this community only at our store:

Would Faint and Fall Down Wherever She Was.

Mrs. DANIEL DEWILLY, Mineral N.B., writes: "I felt great pleasure in expressing my joy for the benefit I had obtained from your wonderful medicine, MILBURN'S HEART AND NERVE PILLS. I had been a sufferer for over five years, and took doctors' medicine of every kind. I would faint and fall wherever I was, and my heart would seem all gone. I was advised by some of my friends to try your HEART AND NERVE PILLS. I used three boxes, and I can say I am completely cured."

"MILBURN'S HEART AND NERVE PILLS are a specific for all run-down men and women, whether troubled with their heart or nerves, and are recommended by all the greatest of confidence that they will do all we claim for them."

Price 50 cents per box or 3 boxes for \$1.25 at all dealers, or mailed direct on receipt of note by The T. Milburn Co., Limited, Toronto, Ont.

F. E. KELLEY

TWO KILLED AND ONE INJURED BY EXPLOSION

Revelstoke, B.C., Aug. 21.—One of the worst accidents on this division of the C.P.R. in recent years occurred this afternoon at a point three-quarters of a mile west of Moberly station, when the boiler of an oil burning locomotive, number 3851, exploded, killing Engineer Adam Halliday, instantly injuring Fireman Andrew Matthews so badly that he died a few hours afterwards, and seriously injuring head end brakeman A. McEachern.

At the time of the accident the locomotive which had just been overhauled in the Ogden shops at Calgary was engaged in pulling the heavy freight train up the grade. The boiler and cab were blown entirely clear of the right of way breaking all the telegraph wires. The frame and driving wheels of the engine were left on the rails. The injured were rushed to the Golden hospital within a short time after the accident.

Engineer Halliday has been working in the field yard and on the work train all summer and this was his first trip on the main line this season. He leaves a wife and two small children at Field, Mrs. Matthews, wife of the injured fireman, is at present visiting friends near North Yarmouth, Washington—Calgary Herald.

At the inquest held on the 22nd inst the jury brought in an open verdict. Mr. Halliday is a son of Mrs. M. Halliday Wetaskiwin and a brother of Messrs I. M. Halliday of Calgary and W. J. H. W. and A. J. Halliday of this city.

The remains were brought from Golden on Saturday and were laid to rest in the Wetaskiwin cemetery on Sunday Rev. C. B. A. Pocock officiating at the house and grave-side. The funeral was very largely attended a number of the Brotherhood of Railway men being present. Among the local tributes were wreaths from the Brotherhood of Locomotive Engineers Revelstoke; the friends at Field, Hill, and Mrs. Gordon Field; Mr. and Mrs. K. Tozianin, Mr. and Mrs. B. King; Conservative Association, Golden friends, Conservative association Field; Mother and brothers; and a sheaf from the children.

Deceased was born in Halton County, Ont. on December 11th, 1874, and came west in the fall of 1902, locating at Field where he has since resided.

In addition to the above named relatives, deceased leaves a widow and family of two small children to mourn the loss of an affectionate husband and loving father.

Wetaskiwin's Fair Best and Biggest on Record

Best interest, and good time and money. The horses ran all the way all the time, being urged by the whip of the rider. The large crowd cheered to the echo the win of the smaller party in the list in the mile run.

The fair and races were an entire success, and with the record of the society will doubtless prove a nice surprise in the treasury, for all the prime money and expenses were paid.

When Summer Stops the Swing

Most of us can remember the school lesson in the law of accumulated motion—momentum.

If you exert a pound of pressure against a man in a swing, you'll start him moving slowly "to and fro." If you continue to exert a pound of pressure against him every time the swing makes a trip, you'll soon have him going so high that he'll almost turn the whole circle. If you stop pushing, the momentum will die out and the swing come to rest at "dead centre."

Winning trade follows the same natural laws.

Advertisements are the force behind the swing of public favor. Each new advertisement increases the momentum. Finally, the accumulated force of these numerous impulses swing indifference to the buying point.

If you stop Advertising, you lose momentum.

The moral of which is:

Don't stop the business swing in Summer

Keep adding the pounds of Advertising pressure.
